- If your child is already supported through the Samaritans Foundation, we will work with your child's clinicians to better understand their goals, interests, and support needs.

What services are included?

- An OT, SP, or BSP will take the time to understand you and your child's goals, interests and preferred support approach before the group begins.
- The group will run for 6 sessions, and cover focus topics through a mix intentional teaching, group time, craft, and gross motor activities.
- Each child will take home a 'homework' book with activities and photographs of their day.
